### DRAFT 2004-2006 POLLUTION PREVENTION REPORT AND TWO-YEAR WORKPLAN

The subject document has been prepared pursuant to Health and Safety Code Section 25244.22. The public comment period will remain open until March 12, 2004. The final "Pollution Prevention Report and Two-Year Workplan" (Plan) is scheduled for April 1, 2004 publication. The Department of Toxic Substances Control (DTSC) welcomes the insights and comments of interested parties, affected industries, and the public.

The Draft Plan for fiscal years 2004 through 2006 includes:

Information about DTSC pollution prevention (P2) activities focusing on:

- o Metal Finishing Industry.
- o Vehicle Service and Repair.
- o Auto Body and Painting.
- o Mercury Elimination in Hospitals.

Review of broader DTSC P2 program elements:

- o Marketing of P2 Programs.
- o Supporting industry forums in the Petroleum Refining and Semiconductor Manufacturing Industries.
- o Implementing the Hazardous Waste Source Reduction Management and Review Act (SB 14, 1989).
- o Providing support and coordination to local P2 Programs.
- o Integrating P2 into Regulatory Programs.

Review and analysis of hazardous waste generation trends.
